Melange Luxury Mosaics - Miami - Hollywood - Rhodium - Palladium - Special Mix

## PIKTOGRAMMOK - PICTOGRAMS

Minden mozaik használható falon, beltéri és száraz helyiségekben. További tulajdonságok és felhelyezési lehetőségek a kapcsolódó ábrákon láthatók. Csak szakember és az ajánlott anyagok általi burkolás javasolt.

All mosaics can be used for the wall, indoor and in dry areas. Further attributes and application possibilities can be seen on the associated pictograms. They are only valid professional installation and using recommended materials for the intended use.

### Fagyállóság - Frost resistance

A mozaik fagyálló és kültéren használható.

Mosaics are frost resistant and can be used for outdoor areas.

### Vízseppes helyiség - Splash water area

Helyiségek, melyek kisebb mennyiségű víznek vannak kitéve. Például konyhai csempe, vagy mosogató mögötti terület.

All mosaic areas which are sometimes exposed to very small amounts of water. For example the backsplash in the kitchen or behind the sink.

### Vizes helyiség - Wet areas

Helyiségek, melyek időközönként nagyobb mennyiségű víznek vannak kitéve. Például csempezett zuhanyfal.

All mosaic areas which are temporarily exposed to a higher amount of water. For example tiled shower walls.

### Fűtött nedves helyiség - Heated wet area

Mozaikkal burkolt helyiségek, melyek hőnek, gőznek és víznek vannak kitéve. Például sauna vagy gőzkabin.

Mosaic areas which are exposed to heat, steam and water. For example a sauna or steam room.

### Tartós vizes helyiség - Permanent wet area

Helyiségek, melyek állandó víznek vannak kitéve. Például zuhany padlózata vagy medence.

All areas which are heavily exposed and also submerged in water. For example shower floors or pools.

Abban az esetben, ha a mozaikot padlón lehet használni, azt az egyik alábbi kopásállóságot mutató szimbólummal jelezük. Porcelán mozaikok esetében PEI felirattal jelzett.

When mosaics can be used on the floor it is marked with one of the abrasion symbols below. Floor suitability is called PEI for porcelain mosaics.

#### PEI 1:

Alacsony hatásnak kitett padlót jelöl. Elsősorban mezítlab használjuk, például saját használatú fürdőszoba.

Is intended for low stressed floors, primarily stepped on with bare feet. Like private bathrooms.

#### PEI 2:

Alacsony hatásnak kitett padlót jelöl. Elsősorban papucsban használjuk, például nappali szoba.

Is intended for low stressed floors, primarily stepped on with slippers. Like private living rooms.

#### PEI 3:

Normál hatásnak kitett padlót jelöl. Utcai cipőben használjuk, például nappali szoba.

Is possible for normal stressed floors which can be also stepped on by normal shoes. Like the floor in the living room.

#### PEI 4:

Erősen igénybevett padlót jelöl, ilyen a gyakran használt nappali, vagy iroda.

Is possible for heavily used floors like highly frequented living or business rooms.

- Az árak az ÁFA-t nem tartalmazzák. A 4. és 30.-ik oldal között felsorolt Melange mozaikok laponként kerülnek értékesítésre.
- FIGYELEM! Nem minden mozaik alkalmas minden környezetbe, pl. vizes helyiségekbe vagy padló burkolására.  
Rendelés során kérjük, egyeztessenek velünk az adott mozaikot illetően. Nem tudunk felelősséget és garanciát vállalni a nem megfelelő környezetbe felburkolt mozaikért.
- A mozaik színei gyártásoknál eltérőek lehetnek, ezért érdemes minimális ráhagyással megrendelni a terméket.
- Mivel üvegmozaikról van szó, fugázás után minimális eltérés jelentkezhet a kifugázott és a még nem felburkolt lap között, ez természetes jelenség.
- Fenntartjuk a jogot, hogy amennyiben visszahozzák az árat, úgy 20%-os kezelési költséget számítunk fel.
- A mozaik burkolását mindig bízzuk tapasztalt szakemberre.
- Kérjük, a mozaik dobozában elhelyezett burkolási útmutatóban foglaltakat minden esetben olvassák el figyelmesen és tartsák be, mert csak így tudunk garanciát vállalni a termékekre!  
Amennyiben nem találják a dobozban vagy bármilyen kérdés felmerül, lépjene velünk kapcsolatba még a burkolási munkálatok megkezdése előtt.
- Burkolás előtt minden lapot vizsgáljanak meg és hasonlítsanak össze.
- Mielőtt a teljes mennyiséget felburkolnák, minden esetben próbaturkolást javasunk végezni. A legjobb eredmény elérése érdekében, a mozaikok burkolásához színazonos fuga használatát javasoljuk.
- Felburkolt mozaikra reklamációt nem fogadunk el.
- Kérjük, minden megrendelt mozaikhoz kérjék a tisztítási útmutatót!
- Fenntartjuk a jogot az árváltoztatásra, termék design és a raktárkészlet változtatásra minden előzetes értesítés nélkül.

# LITOKOL®

Az Aita Studio minden termékéhez -de leginkább a Melange szériához - a Litokol termékeket javasolja a burkoláshoz.

Ezen termékek használatával a mozaikok még egyedibbé és elegánsabbá válnak.

A Litokol termékekkel bővebben az Aita Studio honlapján tájékozódhatnak.

- Minták, frízek, egyedi és speciális keverékek megrendelését nem lehet visszavonni, azt minden esetben az Aita Studio kiszámlázza.
- Egy doboznál kisebb mennyiségek áru megrendelése esetén 50% felárát számítunk fel.
- Az áru szállítási határideje függ az áru mennyiségről és fajtájáról. Atadás helye Budapest.
- ÉMI engedély száma: A-2476/2008 (A-415/2002).
- Felhasználási terület: fal és padló burkolására alkalmas. A használata nem javasolt erős gyalogos igénybevételű ipari és kereskedelmi terek padlóinak burkolására.
- A minden előzetes értesítés nélküli árváltoztatás jogát fenntartjuk.
- A mozaik színe soha nem homogén.
- A mozaik töredézettsége, apróbb repedések, színeltérések, felületi tökéletlenségek, átmérőbeli eltérések az anyag és a gyártási folyamat együttesen elfogadott velejárói.
- A mozaik minták, az Aita Studio katalógusaiban, színes anyagaiban, minta tartóiban és bármely más kiállítóállványán tájékoztató jellegük.
- Az Aita Studio nem tudja megismételni a kollekcióban található minták színeit és azok árnyalatait.
- Ezen felül nem tudjuk garantiálni, hogy a dekorációk és annak háttterei megegyezők lesznek, mert azokat külön-külön gyártják.
- A mozaik színe soha nem homogén és nem egységes. Utánrendelés esetére sem tudjuk garantálni a színárnyalatok azonosságát.
- Általánosan elfogadott és a mozaik sajátosságának tekintendő a sarkain előforduló csorbulás, repedés vagy törés. A mozaik felületein kisebb-nagyobb gödröcskék, mélyedések találhatók. Éppen ezért minden a mozaik színéhez legközelebb álló fugaszínt javasoljuk a fugázáshoz. Az üvegmozaik félíg áttetsző, ezért előfordulhat, hogy lerakás után a ragasztó vagy a fuga színe befolyásolja a mozaik végső színárnyalatát. Legyünk óvatosak a ragasztó kiválasztásakor, vásároljunk fehér színű A burkolás befejeztével érdemes a felületet megfelelő törővel letisztítani, hogy fényt, csilllogásat visszakapja.
- Az üvegmozaik lerakását bizzuk ebben jártas szakemberre. A legnagyobb burkoló segédanyagokat gyártó cégek minden egyes műveletre kifejlesztették a megfelelő ragasztóanyagokat. Az Aita Studio a LITOKOL STARLIKE termékeket javasolja burkoláshoz.
- minden az Aita Studio által forgalmazott termékkel szemben támasztott kifogást írásban és a burkolás folyamata előtt kell megfogalmazni. Kérjük átvételkor ellenőrizzézzük a termékeket. A burkolás után a vásárlók automatikusan elveszítik kifogásolási jogukat a látható és nem látható hibákra egyaránt, és a termék elfogadottnak tekintendő. Ezért ajánlatos előzetesen néhány m<sup>2</sup> mozaikot próba gyanánt letenni. Az üvegmozaik száraz, hűvös helyen tartandó.
- A VASTAGGAL kiemelt termékek kifutó termékek, a készlet erejéig kaphatók. A csillaggal (\*) megjelölt termékek rendelhetők.
